## **Next Steps for MPCA's Draft Analysis of the Wild Rice Sulfate Standard Study**

You are subscribed to Sulfate Standard for Wild Rice for Minnesota Pollution Control Agency. Some new information about this topic is now available.

Please see the attached file for a brief update on MPCA's next steps for the draft analysis of the Wild Rice Sulfate Study data and related information. MPCA has reviewed the scientific peer review report and feedback received by the Wild Rice Sulfate Standard Advisory Committee regarding its draft analysis, and identified the additional analyses/re-analyses it sees as most important to its ongoing effort to better understand the effects of sulfate on wild rice to inform further evaluation of the wild rice sulfate standard. Attached is a brief summary of the additional analyses the MPCA will undertake, and a general timeframe for next steps.
